If you really need to get around campus with your 'puter, you'll probably want a laptop and a netbook with a touch screen. The hardware for a high-end MacBook Pro Retina is very expensive, however you can get a basic MacBook Pro for less than \$900.

If you're looking for a netbook with a really nice display, the Lenovo ThinkPad Yoga, new non-Retina MacBook Air and the Asus Zenbook are all excellent choices. To work on AutoCAD, you'll also need a PC with a 2.4-GHz Intel Core 2 Duo processor, or later and 2 GB of RAM and a DVD drive or external hard disk. We suggest a 4 GB USB hard disk for storage, particularly if you're going to be working on large models. (The video above demonstrates how quickly you can get big models loaded into your system.) You'll need a DVD recorder so you can watch video tutorials from Autodesk University. You'll also need Microsoft Office '10 Premium and AutoCAD. Azlyk21/private.
